ABOUT ME

I am a hands-on, highly competent software engineer with 12+ years' experience analyzing, architecting and developing software across a variety of platforms. I have worked on numerous projects from concept to completion.

OBJECTIVE

Full-Stack Team Lead with a strong technical background in Angular, .NET Core, CQRS, and cloud-based architectures. Passionate about leading development teams, architecting scalable applications, and ensuring best practices in code quality, performance, and security. Adept at mentoring engineers, driving Agile processes, and collaborating with cross-functional teams to deliver high-impact software solutions.
