SUMMARY

Flutter Developer with 2+ years of experience delivering responsive, high-performance mobile apps. Proficient in Flutter, Firebase, REST APIs, and multiple state management approaches. Strong understanding of Agile workflows, CI/CD, and clean UI/UX principles. Successfully delivered apps across e-commerce, education, and healthcare domains.

PROJECT & WORK EXPERIENCE

Elite-Store – E-commerce App | Mar 2025

GitHub: https://github.com/Seif-Madboly/Elite-Store

- Built a responsive e-commerce app for epoxy products
- Developed a custom admin panel using Supabase
- Enabled real-time inventory and order tracking

Software Developer Intern

Egyptian Military Medical Services (Military Medical Corps), Jan 2023 – Mar 2023

GitHub: https://github.com/Seif-Madboly/afcm_egypt_project

- Participated in developing and maintaining internal software systems for data management.
- Supported the development of reporting and logistics applications used in military hospitals.
- Collaborated with senior developers to resolve bugs and implement improvements.

Graduation Project – Faculty Management App | Sep 2022 – May 2023

GitHub: https://github.com/Seif-Madboly/Graduation-Project

- Developed a college professor management app
- Used GetX for state management and Firebase for backend
- Implemented QR-based attendance tracking

EDUCATION

BSc in Computer Science – October 6 University, Egypt | 2023
Graduated with Very Good Honors
